Home, Garden & Remodeling Show Opens Tomorrow

LOUISVILLE, KY, March 2 – The 69th annual **Home, Garden & Remodeling Show** *presented by Champion Windows* and *sponsored by LG&E* opens tomorrow March 3 and runs through Sunday, March 5 at the Kentucky Exposition Center. There will be over 7 acres for guests to explore and various activities for kids of all ages to enjoy. Over 300 exhibitors will give guests the expert advice they are seeking. Guests can see outdoor furniture, mowers, sheds, cabinets, flooring and much more. Everything you need for your home improvements, big or small, can be found at the **Home, Garden & Remodeling Show!**

There will also be three stages for guests to be entertained and informed at the region's largest, longest running, locally produced home show. On the *Garden Stage* local experts will provide guests with an abundance of information on seminar topics ranging from solving common landscape problems to container gardening. Chefs from your favorite local restaurants will be cooking up tasty dishes on the *Cooking Stage*, brought to you by Semonin Realtors. The *Disc Connected K-9's Stage*, *sponsored by Logan Lavell Hunt* is a show for the entire family. The World Champion frisbee dogs will amaze you with their high-flying, action packed stunts! Visit www.LouisvilleHomeShow.com for stage times and seminar descriptions.

Guests looking to spruce up their outdoor areas will get plenty of ideas at the *Belgard Outdoor Living Pavilion*. This area highlights the work of local landscape architects who have created stunning outdoor spaces incorporating water features, dramatic lighting and, of course, beautiful plants and flowers. Stop by the *Tree Sapling Giveaway, presented by L&N Federal Credit Union*, at booth #2007 and take home one of 4,000 native Kentucky trees that were grown in a Kentucky Division of Forestry nursery just hours from Louisville. Guests who take a tree home will be given instructions on how to plant and care for the tree sapling.
